

*Natraj Travels Inc is a preferred partner with Air India since 2000 and we are very proud of our association and partnership with Air India . For the last 15 years, we have consistently sold over a million in annual sales and still going strong. Air India has the only only non stop flights available from Chicago to Delhi, JFK to Delhi and Newark to Mumbai.*

*Air India's latest induction into its fleet is the stuff dreams are made of – the Boeing 787 Dreamliner – which redefines passenger experience, environmental performance, lower operating cost and better economic performance.*

*With its sophisticated, futuristic design, Air India's B787 Dreamliner is the most advanced aircraft in the sky. Its wing, tail, nose and flight deck windows have all been engineered for the maximum aerodynamic efficiency reducing fuel burn. The composite fuselage and smooth wing design is much more efficient than today's airplanes.*

*The Boeing 787 has the optimal size and range to allow Air India to not only operate their current routes more profitably, but also to open up new markets giving Air India a true "first mover" advantage. Secondly, with lower fuel costs and cash operating costs, the Dreamliner offers an unsurpassed economic performance. In addition, maintenance costs have been substantially reduced. Third, this airplane will truly change the passenger experience. The Dreamliner, indeed, offers features to match our dreams and is set to be a game-changer for Air India!*

### *About Star Alliance*

*The Star Alliance network was established in 1997 as the first truly global airline alliance to offer worldwide reach, recognition and seamless service to the international traveller.
